20 March 2018

Dear Nadhim,

Stratford-upon-Avon South West Relief Road: Long Marston Airfield Garden Village Scheme

Helping to deliver more homes where they are needed most is one of the Government's top priorities. We are committed to supporting the development of infrastructure to deliver transformational housing growth; unlocking new homes in areas of greatest housing demand.

I am pleased to let you know, ahead of tomorrow's announcement, that we will be taking the above Housing Infrastructure Fund - Forward Funding project through to the co-development stage of the competitive HIF process.

During the co-development process we will be supporting local authorities to develop their projects, ahead of them producing a business case. As this is still a competitive process, success at this stage is not a guarantee of HIF funding. The business case will be assessed and this will inform the final funding decision.

We will be announcing the places that we are working with, but details of the projects will not be made public.

Thank you for supporting this vital housing growth in Warwickshire.

THE RT HON SAJID JAVID MP
